

# BUILD + BUY GREEN 2022

SEPTEMBER 23, 2022

HONOLULU, HAWAII

## SPONSORSHIP OPPORTUNITIES

# BUILDING A SUSTAINABLE FUTURE FOR HAWAII

Build + Buy Green brings together architects, engineers, consultants, green building leaders, and contractors together in a unique opportunity to showcase your brand, services, and products to a targeted audience of decision makers.

Hosted by USGBC Hawaii and its partners, Hawaii State Energy Office and DBEDT, this one-day conference is USGBC Hawaii's return to an in-person event after 2021's virtual conference. Held in a different county each year, Build + Buy Green features networking, inspirational keynote sessions, and sessions led by industry leaders.

## HIGHLIGHTS

- This year's in-person event provides invaluable networking opportunities, a keynote session by industry leaders, and access to high-performing buildings and sites.
- Educational sessions highlighting topics pertinent to Hawaii and host County. Areas of interest include:
  - Climate Responsive Design
  - Affordable Housing Solutions
  - Resiliency
  - Zero Energy
  - Equity and Place
  - Energy Inequity
  - Policy Solutions
  - Front Line Communities

# MARKETS REPRESENTED

- Architecture
- Development
- Energy/Sustainability
- Finance
- General Contractor
- Government
- Green building/LEED Consulting
- Interior design
- Non-profit
- Operations and Maintenance
- Trades/subcontractor
- Utilities

“ Thank you for the fabulous Buy & Build Green Hawaii event this past weekend! USGBC Hawaii and its Partners planned a great event, with a perfect mix of keynote speakers, question asking, site visits, and networking. An event with that much travel and moving parts would be complex to execute, but you did it seamlessly. Well done!

- Stephanie Jurgenson

# EVENT QUALITY AND SATISFACTION

The conference has created a reputation for providing high quality and valuable programming and networking. Delivering quality programming that enhances the understanding of emerging topics and gets straight to the core of difficult concepts is a central component of attendee value. Past keynote speakers have included Mary Ann Lazarus, FAIA, LEED Fellow - Cameron MacAllister Group, Ralph Dinola - New Buildings Institute, Herb Lee - Pacific American Foundation, Senator Chris Lee, Mayor Kirk Caldwell, Krista Egger and Alistair Jackson - Enterprise Green Communities and Tim Van Meter - Van Meter Williams Pollack

# SPONSOR BENEFITS

- Capture the in-person attention of 100 industry leaders
- Gain ongoing exposure to more than 1,500 plus green building leaders through an integrated digital marketing campaign
- Give opening remarks at conference milestones
- Support a non-profit dedicated to a sustainable environment
